Mr. Cleon B. Feight, Director Division of Oil, Gas & Mining 4241 State Office Building Salt Lake City, Utah 84114

Dear Mr. Feight:

Attached is a copy of the water quality data for the Skyline Project for the second quarter of 1982. These data are a complete set of replacement pages for Volume 2, and should be used in conjunction with the data and with the station map previously transmitted.

The tabulations include a partial listing of flow data. Flow gauge calibration is continuing particularly for low flow regimes.

Sincerely,

Keith W. Welch
